Council To Improve Sanitary Conditions

the meadows. Considerable ras necessary, and in several was needful to drill holes transacted was the receiving of the report from the State Beauting. report from the State Board of Health regarding its inspection of the city. The board in the main commended the caryons in the state up to pointed out several suggested improvements which the health officials will take steps to remedy. The report sug-gested that the city should fence the intake to its water supply so that cat. s, where the tree on earth. the could not contaminate the springs. When this is done the communication smplete the trail to the top says that no other city in the state would have a better or purer system.

It is uncertain this will be done this fall but Irving Johnson asked the system.

Irving Johnson asked that the city this will be done before next help drain and take care of the county road running north from the west Ogden, Secretary limits of the city.

The independent telephone commit tee returned its franchise to the city with a statement that its differences with the Mountain States Telephone and Telegraph company had been adjusted. The \$5 deposited at the time of granting the franchise was remitted.
